Sheffield City Goals

Where we all have opportunities to form lasting, positive relationships in our neighbourhoods and across the city, through technology, great transport and common causes.

Everyone has quality access to people, culture, nature and services no matter where they live or background they come from.

Everyone is able to safely and easily move around our neighbourhoods, across our city and out into the wider world.

We have access to the digital & physical infrastructure we need to work together to solve shared problems and make positive choices.

Where all our voices are heard equally, and we feel the respect and celebration of each other's histories, heritage and cultures across our city.

We have diverse leadership that is trustworthy, effective and inspiring, putting inclusion and diversity at the heart of decision-making.

We are honest with each other about the challenges we face, and are brave enough to find common ground and try new things out together.

We continuously strive to live, play and work free from racism & prejudice, with zero tolerance for inequalities, stigma and discrimination in any corner of our lives.

Where old, young and future generations bridge divides, are hopeful about the future and can flourish today, regardless of background, free from poverty & oppression.

We make long-term decisions that address the climate breakdown and technological advancements young people face now and will inherit in the future.

We invest in children and young people, providing them with a strong start to life with healthy, secure homes and inspiring places to learn, play and lead.

We support everyone to age well, with dignity and control over the care they receive and where they receive it.
